

Measurable Skill Gain MSG

Educational Gain

Measure between a pre and post test

HSE Diploma attainment

Credential Attainment (only IET or IEL/CE approved vocational training & resulting credential)

Reminders:

HSE diploma must be earned within the fiscal year being reported

FY25, students must earn the diploma on or before June 30, 2025

Data is matched to the HSE (NYSED) Database, not GED Manager

Reminders:

HSE diploma match includes:

- First Name
- Last Name
- Date of Birth
- Prep Code

Reminders:

- Program must employ a process of managing the data in GED manager on a routine basis
- When/if a potential student indicates your program's prep code in GED manager, the **PROGRAM** must move the student's status from "Interested" to "Enrolled"
- This action must take place **BEFORE** the student takes any subtest!

Educational Gain

NRS

Participants are assessed in BOTH Reading and Math

Their LOWER skill level determines their placement in NRS

Educational Gain is measured and counted ONLY in the LOWER skill level

Educational Gain

NYRS

Participants are assessed in BOTH Reading and Math

Their LOWER skill level determines their placement in NYRS

Educational Gain is measured and counted in EITHER level

Differences in Reporting under **NYRS**

- Educational Gain is counted in either Math or Reading
- Educational Gain is measured with Mid-Level Educational Functioning Levels for Levels 1 to 4
- Follow up is required for students in the 2nd Quarter after exit (no record of wage necessary)
